

**MEDIATION
CONTEMPLATED**

In the Cuban War by the President.

PRESIDENT'S NOTE READY

Will Be Given to General Woodford Before His Departure.

DEMAND FOR INDEMNITY WILL BE MADE.

New York, June 18.—A Washington dispatch to the "Journal and Advertiser" says that Gen. Stewart L. Woodford, the new minister to Spain, will take to Madrid President McKinley's note offering the mediation of the United States to bring about the termination of the war in Cuba. This note has been in course of preparation for some weeks and will be ready for the new minister as soon as he is ready to sail for his post. The dispatch says further:

"When Gen. Woodford goes to Madrid, a new consul-general will succeed Gen. Fitzhugh Lee at Havana. Frank A. Smith, of Chicago, will be the man who will look after American interests in Havana.

"The appointment of Gen. Woodford and the immediate prospect of a change in the consul generalship at Havana show that President McKinley's Cuban policy is fully formulated, and that from now on Spain will hear of nothing from the United States but a demand that the war shall be ended and that the rights of American citizens shall be protected.

"The President's note, which will be entrusted to Minister Woodford, is, first, a demand that Spain shall pay indemnity for the outrages suffered by Americans at the hands of Spanish citizens in Cuba. The next demand is that these violations of the treaty rights of American citizens shall cease. After that the letter in bold terms shall express to Spain the conviction of the President that the war in Cuba is to Spain a hopeless one, and will convey the intimation that the refusal by Spain to negotiate for peace in Cuba will be followed by the prompt recognition of the belligerent rights of the Cuban revolutionists.

"The note will then convey to Spain the assurance of the willingness of the United States to mediate between Spain and Cuba on a basis that will assure the independence of the island on the basis of the payment of an indemnity to Spain not to exceed the amount of interest on the debt of Spain already paid out of the revenues levied in Cuba.

"There will be no lack of facts to support the demands which will be made in the note. All the facts which have been gathered by Special Commissioner Calhoun with regard to the Ruiz case and all of the representations of Consul General Lee concerning similar outrages on American citizens in Cuba will be cited to bring Spain to a course of reason.

"In addition to these all the facts and figures about the property losses suffered by American citizens through the policy of the Spanish government, as reported to the state department by United States consular officials in Cuba, will be cited to show that matters have gone beyond the limit of forbearance. Other consular reports will be quoted from to show that since the war began there has been a steady gain of strength on the part of the revolutionists, and that they now control a greater portion of the territory of the island than that which acknowledges the supremacy of Spain. This part of the representations of the note will go to prove the assertion that Cuba is virtually already beyond the power of Spain to pacify."

GOES TO HIS POST IMMEDIATELY.

Washington, June 17.—It is formally announced that Stewart L. Woodford's selection as minister to Spain was influenced by the fact that he agreed to go to his post immediately upon confirmation.

OPPOSE ANNEXATION.

Not a Little Opposition Developing to Hawaiian Treaty.

Washington, June 18.—Indications are that the Hawaiian treaty of annexation will not have smooth sailing. Opposition is developing in unexpected quarters and the friends of the measure begin to feel somewhat alarmed for its safety in the Senate.

A number of Democratic Senators have expressed a determination to fight it to the bitter end. It is also feared that they can, of course, by filibustering delay it for a considerable time if they do not defeat it.

The Senate and story sent out to the effect that Secretary Sherman is opposed to the treaty and threatens to resign if it is adopted has without foundation, being erroneously denied by Mr. Sherman. He not only denies having expressed himself as against the treaty but says he is in favor of it.

"Bats" Owens In Trouble.—Gave a Darkey Fits.

CHARGED WITH ASSAULT.

Long Session of the Police Court This Forenoon.

PHIL STEPHENS' CASE LEFT OPEN.

"Bats" Owens, a white youth about 18 years of age, was arrested by Officer Tobe. After this forenoon on a charge of malicious assault.

He is charged with striking Chas. White, a colored boy, on the head with a club last Sunday. They had a difficulty on South Sixth street, and as a result the colored boy is said to be in a precarious condition. He was struck a terrible blow on the head, and yesterday had a doctor four different times, having it after it. The case will come up tomorrow before Judge Sanders, but will likely be continued on account of the colored boy's condition.

Zeno Williams, colored, was charged with throwing a rock at "Doctor" Johnson, colored. He swore yesterday that Will Childers threw it, and Childers came up and admitted it today, saying the old man cursed him. Childers was fined \$20 and costs.

The case against Josh Stringer and a woman named Gohsen, colored, charged with adultery, was called in Judge Tully's court today and continued until Wednesday.

Police court lasted all this forenoon. The case against Phil Stephens, the Washington street saloon keeper, charged with keeping a disorderly house by allowing lewd women and men to congregate there, was tried, and a large number of witnesses were heard. Arguments followed, and Judge Sanders reserved his decision until Monday.

The cases against Rob Smith and Bob Mollett, colored, against the former for malicious assault and against the latter for perjury, were continued in the police court this morning.

CYCLONE AT LOUISVILLE

A Destructive Storm Passes Over the Metropolis.

Much Damage Throughout Kentucky and Indiana.

Louisville, June 18.—A severe storm struck the city about 8 o'clock this morning doing much damage, but entailing no loss of life. Many houses were unroofed and barns and stables razed, killing horses and other stock confined therein. Many of the finest trees in the city were uprooted and destroyed.

Reports from other points in Kentucky and Indiana indicate that the storm damaged a wide area. At English, Indiana, the court house was demolished, a Monon train was struck by lightning and a number of passengers severely shocked. Across the river from Irvington, Ky., a son of a farmer named Sereels and a hired girl were killed and the residence demolished. A negro woman and child were killed near this city.

Deboe Says His State Will Go. Washington, D. C., June 18.—Senator Deboe says that he will be appointed within a week.

A PASTOR RESIGNS.

Rev. Hall Calhoun Will Probably Move to Tennessee.

Rev. Hall Calhoun, pastor of the Tenth street Christian church, has resigned his pastorate and will, Sunday, perhaps, preach his farewell sermon.

Rev. Calhoun is a very popular young minister, and has a host of friends who will regret to learn of his intended departure. He has been here for the past three years, and will probably accept a charge in Tennessee.

GOT A JUDGMENT.

D. J. Clarence Morris Agrees the Lien Transfer Co.

Clarence C. Morris, the young man who brought suit here some time ago, against the Lien Transfer Co., has just won a \$5,000 judgment for injuries received here on the transfer boat, has been awarded a verdict for \$2500 in the U. S. court at Springfield, Ill., which the case was transferred.

Morris was at the time employed by the Paducah Marine Ways, but was injured through the negligence of the employees of the Lien Transfer Co., he came near losing his life by a rope slipping from a wet stick of timber which broke the stage that

supported them. They were thrown into the air and on alighting suffered the splitting of the breast bone, breaking of several ribs and bruising him internally. He lay for some time, but finally was able to move about with a broken constitution, unable longer to labor as before. Judge Courtney, of Metropolis, was his attorney.

LOOK A "LEEDLE OUD."

A Millionaire Goes to Jail for Violating Spitting Ordinance.

San Francisco, June 18.—W. B. Bradbury, the millionaire, will have to serve the sentence of twenty-four hours' imprisonment in the county jail imposed upon him by Judge Lowe recently on his conviction for the second time of spitting in streets, Judge Wallace, of the Superior Court, having affirmed the judgment.

STABBED IN THE BACK.

Chas. Jones, Colored Barber, Painfully Cut.

John Kitt, His Assailant, Escaped.—Jones Won't Talk.

Charles Jones, an East Court street barber, was cut under the left shoulder last night about 11 o'clock near Ninth and Washington streets, by John Kitt, colored, a Wingo man.

The men, as could best be learned, quarreled over a woman, and Kitt stabbed him. The wound was about two inches and a half deep, but is not dangerous. Dr. H. T. Rivers was called and dressed the wound. Kitt fled.

Officer Jones and Wheeler went down to see Jones this morning, and ascertain the particulars, but the latter refused to talk, and wouldn't tell who cut him.

ILLINOIS CENTRAL NOTES.

Supt. Harahan Pays Paducah a Brief Visit.

A New Schedule Sunday, But It Affects Only Freight Trains.

Supt. W. J. Harahan and Mr. H. J. Schueing, trainmaster of the Louisville Division, Illinois Central, arrived in the city on the 7:30 train from St. Louis this morning, having come from Chicago. While there they completed arrangements for a new schedule over the Louisville Division and "Texas," affecting, however, only the freight trains. The new time card will go into effect Sunday.

The minimum time between Louisville and Paducah is now six hours and twenty-seven minutes, but before many months have passed, it is practically settled that the time will be reduced to six hours.

A statement of this effect was made a day or two ago by an official who is in a position to know. Heavy steel rails are being put down all along the line, and when the proper time comes, the Illinois Central will be well equipped to smash all competition between Cincinnati and New Orleans.

J. L. Walters, special night watchman in the yards, is suffering from a painfully cut knee, received while chasing a "bum" a day or two ago. He recently sprained his ankle.

Traveling Auditor R. Adams was in the city today, almost unrecognizable because his hirsute appendage had been removed from his chin.

Day Watchman Gooch is quite ill, and Night Watchman Walters is in his place.

Assistant General Passenger Agent Wm. Alfred Kellard, of Louisville, arrived at noon and is at the Palmer House.

Trainmaster J. J. Flynn came in at noon from Central City.

George McFadden, division freight agent of the N. C. & St. L., of Memphis, is in the city today.

Assistant Civil Engineer, E. H. Bowser, of the L. C., came down at noon from Louisville and left at 2:45 for Central City.

Thos. B. Harris, Jr., an attorney of Louisville, and mail receiver in the general office of the L. & N., is at the Palmer.

Master Car Builder Jenkins, who has been superintendent of the shop improvements, left at noon for Chicago, but will return next week.

ARTHUR PEARSON'S CASE.

Reset for Next Thursday at Benton.

The case against young Arthur Pearson, charged with the murder of Bea Smith, at Benton, several days ago, was yesterday reset for next Thursday. County Attorney Johnson Houser, who is for the defense, returned to the city this morning.

HE WAS SICK

And the Remors of a Cutting Strange Were False.

Marshall Saeggas, colored, who was a room over the baton soap on lower Broadway, was taken suddenly ill last night and died this morning.

It was reported that he had been cut, but this proved to be untrue.

THE DANCE

Broke Up in a Bloody Free-for-All Fight.

FRED BEMANT CUT VANCE,

Who Had Accepted An Invitation to Fight in the Road.

NEWS FROM THE COUNTY.

A desperate cutting affray occurred a few nights ago in the edge of Ballard county, near Rudolph's store.

There was a dance and ice cream social at the home of a man named Vance, and among those in attendance were George Davenport, a young man who lives near Mayfield creek, and Fred Bennett, a young man from near Melber. The latter were drinking, and Vance ordered them away from the house. They became very indignant and Bennett dared Vance out in the road. He went out and they proceeded to fight, Bennett cutting Vance in the neck, arm and several other places. The man is not necessarily fatally injured. Constable Anderson Miller arrested Bennett yesterday and carried him to Lovelaceville, where he gave bond for his appearance Monday to answer to a charge of malicious cutting.

Constable Anderson Miller, up to this morning, had arrested twenty-five of the thirty-two crap shooters warranted by Justice Hartley, of the Massac section. The trials of the whole outfit are set for tomorrow.

There was a heavy rain in surrounding counties last night, but it extended this way no nearer than Lamont.

ST. MARY'S.

Closing Exercises to Take Place Tonight.

Other Amusement Notes of Interest to Paducah People.

The closing exercises of St. Mary's Academy, as previously announced, will take place tonight at St. Mary's church, and the ladies are for a large crowd. The program has already been published.

The fourth night of "Lady Audley's Secret" evidenced no material falling off of the crowd. The Casino was filled, and many were there who had been there every night of the week, showing how pleasing the performance are. Mr. Charlemagne Koebel, did not recite last night, owing to hoarseness. Next week "David Garrick" will be presented, followed by "Romeo and Juliet."

The Phillips Stock company played Kathleen Mavourneen last night at LaBelle park theater to a large crowd. The play is well staged, and everybody seems pleased with it.

"Queen Esther" promises to be well attended Monday night, at Morton's opera house. A great many were disappointed over the unavoidable postponement Thursday night, but the respite will afford the participants more time in which to perfect themselves.

SCHEDULE FOR TODAY.

Louisville at Washington.
Pittsburg at Baltimore.

The Washingtons hit Sudhoff pretty hard yesterday.

When Dowling comes back he will have to be mighty meek and humble.

Gould, the new pitcher, did not reach Washington yesterday, but may pitch at Evansville today.

A well known gentleman asserted yesterday in the presence of the "News" baseball reporter that he himself had been after Dowling, and wanted him for a minor league, and Louisville had nothing to do with it.

Despite the denials of Barney Dreyfuss, of the Louisville club, that he is after Dowling the "News" persists in claiming that Louisville wants him.

President Einstein did not have the result of yesterday's game announced at Casino theatre last night between acts. He didn't go our way.

Henderson promises to become a good ball team, if reports in the Henderson papers can be relied upon.

Kenny Murray is doing good work away from home, just as he did here.

Col. John Tranham's voice is getting raspy. When the boys come home, though, especially if they get two out of three every time, he will then himself loose and make up for lost time.

The "News" and "Register" are engaged in a controversy over which publishes the most baseball news. Meanwhile a cloyed public leans back and sighs for relief.

President Simon will keep on until he gets the ax, where the fowl got it. Every paper in the Central League cities except at Evansville, is disgusted with his arrogance, and continually keeps up a battery of roasts against him. There is to be a meeting of officers and directors in Central League at Evansville Monday, and if President Simon isn't given his orders or walking papers, the people interested will know why.

WRITTEN AT RANDOM.
A well known young society man
of the city created great amusement
in a Broadway establishment a few
days ago.
He entered with a popular young
society lady, and most everybody
who happened to be at the soda water
counter turned to see them.
"Have you any fresh Huyler's?"
he asked with a lordly air, as the
clerk bowed in deference to their very
presence.
"Yes sir, a fresh lot, just in," the
functionary replied.
"Well, please give me a nickel's
worth of cough drops," the young
man rejoined, apparently in all seriousness.
Everybody smiled, and some
outright, but the young man was of
course joking, and did the proper
thing by "settling 'em up."

Perhaps more than one person, in
walking in different parts of the city
within the past few days, has
noticed, distributed promiscuously about
the city on the sidewalks, large
black splashes of ink, surrounded
by tiny streaks and dots of similar
hue, with miscellaneous fragments of
glass scattered in endless profusion
about. No doubt many passed them
with scarcely a thought, but to the
observer these splashes and fragments
are more significant than might
appear.
Did you never go to school and
pilot along, day after day, week after
week, and month after month, un-
der the dictation of perfunctory per-
sistence, to acquire some knowledge of
your studies, and then, at last, find
vacation approaching? Certainly
you have. And finally the last day
of school rolls round, and you find
your teacher smiling a last
welcome, while your companions
pass joyfully to and fro, bedecked in
best "jib and tucker," while the de-
lightful odor of perfume and flowers
permeates everything, and there is
profuse joy everywhere. And per-
chance you gathered together your
books and papers and tablets and
other instruments of youthful tor-
ture, not forgetting the bottle of ink,
in the stand up by teacher's desk,
before leaving for home and two
months of untrammelled uncon-
tention. Now if you are a boy, you
know exactly the most convenient
thing to do with that bottle of ink.
Should you put it in your pocket, the
stopper might come out. Anyhow,
it would stick like it was made to fit
somebody else, that same bottle of
ink would. The first thing you will
do will be to throw the useless bottle
away—to hurl it far hence. In that
ecstasy and delight known only to a
school boy set free for a summer, it
will be many days before you will
have occasion to use it again, and
then "pap-pap" will get you a new one.
What is extravagance in a case like
this? So you throw it away, and it
will hit with a "dull, sickening
thud," and leave a big glossy blot
wherever it strikes, while the par-
ticles of glass will dance and rattle
and, finally settle down to be
crushed by countless heels in days to
come. "Ain't that so, bud?"

It is as easy to go to foreign
countries and learn the language and
command the customs of the people,
as it is for some people of foreign
countries to come to America and do
it. It is not after all such a disagree-
able matter to go to Europe and live.
A year ago Dr. Albert Bernheim
was a resident of Hamburg, Ger-
many, and after the death of his re-
lative, Herman J. Weil, came to
America in charge of the remains.
The doctor liked America, he liked
Kentucky and he liked Paducah. He
liked them all so well that he decided
to locate here. He could not then
speak correctly hardly a sentence of
English, but began to pick it up
wonderfully fast. He met many dis-
couragements, one being a refusal of
the state board of health to per-
mit him to practice until he showed a
diploma from some American med-
ical college.
Noting daunted, the doctor went
to Louisville, closing the office he had
rented here, took a several months'
course in a medical college, and in
the meantime pounded heroically
away at his English. He is now
thoroughly up-to-date, and has begun
to do his visiting in a buggy, like the
other doctors.
He expresses himself well in Eng-
lish, has a good practice among a
good class of people and has fallen
as comfortably into Kentucky ways
as if he had been raised here. The
doctor is a thorough gentleman, and
his brief article is written with the
sole purpose of giving him credit for
what he has done, and showing others
what determination and perseverance
will do.

The fashion of attending prayer
meetings, in vogue among the
young ladies in larger cities, is in
full force among some of the young
ladies here, and the style is not
confined to any one church, but extends
to all of them. It is a summer cus-
tom, however, and it is only recently
that it became so noticeable in Pa-
ducah.
A couple of countrymen stood at
Third and Broadway a few days ago
"chawin' tobacco" and discussing
politics, when a terrific noise was
heard up the street. It was a noise
peculiar to itself, if such an expres-
sion is admissible, and they looked in
vain for its source.
"Mought a-bin that dad-blamed
'no wheeled locomotion I seen ter-
day on the 'street, husted," I've hearn
tell of such things bein' dun," re-
marked one.
"Sounded like that Bill Jones hol-
lered the time somebody mistook him
for a cow and shot him full o' salt,"
the other observed. Nobody else
seemed at all excited over the strange
sound, so they put away their fears
and fell to discussing politics again.
Presently C. I. D. Wilcox pressed
and sneezed again.

Hugh Duley, of Metropolis, found
an interesting old coin at Fort Mes-
siah a few days ago. It was a Spar-
sh dollar bearing the date 1788 and
containing a likeness of Charles III.
The indications now are that the
city will add to her fine equipments
an aerial ladder outfit, thus complet-
ing a department that is otherwise
lacking. Mr. Thomas R. Polk, one
of the equipment supply com-
panies, is here to make most any
and all terms of purchase for which
the city might ask, and it is under-
stood that the council is in favor of
buying it.
The council has always expended
most judiciously, money on the fire
department, and the machines and
buildings she now owns are good for
twenty years, and will save almost an
incalculable amount of money. The
decrease in insurance rates alone, as
a result of the improved fire facili-
ties, will be from \$7,500 to \$10,000
a year.

Quite a remarkable case of intu-
ition is told by one of the
members of the Casino Stock Com-
pany. A night or two ago when
Miss Deane, as "Alicia," Sir Mi-
chael Audley's daughter, appeared
to do the picture act, or to be more
explicit, to show Robert Audley the
picture of Lady Audley, his aunt,
she forgot the picture. Mr. Harry
Driscoll, when she walked on the
stage, saw something seemed to tell
him she didn't have the very impor-
tant photograph, and he knew it
would completely spoil the act when
she started to exhibit it. He quietly
made his exit, and securing the pic-
ture, returned with it, and while no
one was looking slipped it to the fair
Alicia, who when the time came pro-
duced it with commendable prompt-
ness. His exit was not in the play,
but it was done so naturally that no
one noticed it.

A certain popular young lady
of the city is very anxious to startle
an unsuspecting public by appearing as
"Juliet" in the Casino Stock Com-
pany's production of "Romeo and
Juliet" the latter part of next week.
Mr. Harry Driscoll will play Romeo,
and if the young lady's whim is grati-
fied, her identity will not be known
until she makes her debut. This is
whispered about, in confidence, and
must not be repeated to any one.

DIXIE WILSON.

A Well Known Whisky Drum-
mer Can't Be Found.

Has Not Been Heard From Since
June 1st.—Lives at Hop-
kinstown.

Dixie Wilson, a well known whisky
drummer of Hopkinsville, whose terri-
tory includes Paducah, and who is
well known here, is missing, and no
trace of him can be found. The
Hopkinsville "Kentuckian" says:
Mr. A. L. Wilson, better known
as "Dixie" Wilson, has mysteriously
disappeared and nothing has been
heard from him since the first of June.

He is a drummer for a well known
whisky house of Louisville and has
been for a number of years. He has
always lived here and has a wife and
several children. Mrs. Wilson has
heard nothing from him this month,
and is very uneasy about him and
letters of inquiry have been received
from his house, from which it is
learned that he has not communicated
with the house for three weeks.

Mr. Wilson's territory is in the
states of Kentucky, Indiana and Ten-
nessee, and his disappearance is ut-
terly inexplicable.

He was a trusted employee of his
house, his domestic relations were
pleasant, he had friends wherever he
went and no reason can be given for
his failure to return home or to re-
port to his employers.

Mr. Wilson is a very large, portly
man, about 37 years of age, beardless
except a slight mustache, and is a
pleasant, companionable young man,
very popular on the road.

A reporter of the "Kentuckian"
saw his father-in-law, Mr. J. T. Sav-
age, yesterday afternoon and he had
not been heard from and Mr. Sav-
age said that his family knew of
no possible reason for his disappear-
ance.

GREAT INDIGNATION.

Down in Marshall County Over
the Franklin Continuance.

It Appears That One Lawyer On
Each Side Got Together
and Continued.

Attorneys Hays and Crossland
are back from Benton. They are for
the prosecution in the Noah Franklin
murder case, and Major Harris was
very much pleased when he reached Benton
yesterday and ascertained that the
case had been continued until next
October.

Both sides had announced ready
for trial, and there were 100 men
there who had been summoned as
jurors.

According to the most reliable in-
formation, the case was continued at
the sole instance of Attorneys Cross-
land and Reed, who got together and
for some reason they didn't want to
go into trial.

There was great indignation, not
only among the special venire
of 100 men who had left their crops
to respond to the summons, but
among many citizens as well. Major
Harris says there was much grilling
of teeth and suppressed excitement.
When he reached Benton he found
that the case was already continued,
and says the statement that it was
continued by agreement of the attor-
neys, was erroneous, because he was
one of the attorneys and did not
agree, and would not have agreed.

Franklin was as greatly disappointed
as any body, even if he did look
"rather pale, as though he had grave
misgivings," as the Benton "Tribune"
says.

COLORED PUGILISTS

Fought Five Rounds at Mayfield
Thursday.

Eddie Johnson, the Chicago pugil-
ist, and 115 pound champion, went
to Mayfield night before last and de-
feated in five rounds Walter Evans,
colored, a southern champion. John-
son seemed to have the best of the
fight from the start, and it is said
that if he had not sprained his wrist
in the second round the fight would
have been much shorter.

Supply and Demand.

High prices increase the pro-
duction of any article and lessens
the consumption; hence low prices
decrease the production and in-
crease the consumption.

Many manufacturers expected
better times and bigger sales and
made too much stuff for the spring
and summer trade of 1897. The
manufacturer's way out of such a
dilemma is to cut the price to in-
duce somebody to use up the stuff.
We are among the few cash buyers
who have bought up these goods
to sell to our customers at half pri-
ces. Out of self defense many
merchants will claim to own goods
at our low prices, but the only safe
way is to come here and see.

Laws are here for 2c and 3c and

Beautiful wash goods we have
